

# Rebecca Lynn Howard, When My Dreams Come

(Trey Bruce/J.D. Martin)

Well I'm no different than the average girl  
My dreams wrap around the world  
And I'll be living somewhere in France  
When my dreams come true  
There'll be a big boat waitin' on me  
I'll ride it out to sea  
And Ill get up on the roof and dance  
When my dreams come true  
I'll find the perfect guy  
Whose heart beats just like mine  
And his great ambition will be me  
When my dreams come true  
He'll say, "Honey, you sure look nice tonight"  
Every night  
And he'll beat all you've ever seen  
When my dreams come true  
For eternity  
When they turn into  
My reality  
I'll be with you  
When my dreams come true  
If I'm sleepin' please don't wake me up  
At least this way  
I'll know what I'm gonna do  
When my dreams come true  
For eternity  
When they turn into  
My reality  
I'll be with you  
When my dreams come true
