

Rebecca St. James, Lean On

Into Your hands I commit my spirit
Into Your heart I place mine
Into Your will I submit all I am
As I let go peace I find
And while the background is falling
You've found a place I can stand

CHORUS:

Lean on - Your understanding
Lean on - everything You say
Lean on - divine intention
Lean on - every word You mention
Into Your hands I submit my troubles
Into Your world I'll unfold
And with Your strength
I'll replace my weakness
As I lie down You restore my soul
And while the background is falling
You've found a place I can stand
In Your hands and I will
[CHORUS]
