

# Rebecca St. James, Thank You

There was a time when I felt  
Alone and afraid  
But You came close to me  
And I'm forever changed  
'Cause something stirred inside me  
So much more than I can say

\*Chorus\*

I thank You for believing in me  
You've given me Your all  
Now I'll never be alone

I thank You

You never stopped loving me

You've held onto my soul

And I'm never letting go

Never letting go

Your love is so amazing

Beyond compare

And now I can't imagine life

Without You there

For You have healed my spirit

I'm resting in Your loving care

\*Chorus\*

Something stirred inside me

Something I just can't deny

For You have healed my spirit

Your mercy has restored my life

\*Chorus\*
