Rebecca St. James, Thank You

There was a time when I felt
Alone and afraid
But You came close to me
And I'm forever changed
'Cause something stirred inside me
So much more than I can say
Chorus
I thank You for believing in me
You've given me Your all
Now I'll never be alone
I thank You
You never stopped loving me
You've held onto my soul
And I'm never letting go
Never letting go
Your love is so amazing
Beyond compare
And now I can't imagine life
Without You there
For You have healed my spirit
I'm resting in Your loving care
Chorus
Something stirred inside me
Something I just can't deny
For You have healed my spirit
Your mercy has restored my life
Chorus
