

# Red, Already Over, Pt2

You never go  
You're always here  
Beneath my skin  
I cannot run away  
Fading slowly

Give it all to you  
Reaching as I fall  
It's already over, already over now

My best defense, running to you  
I can't resist, take all you want from me  
Breaking slowly

Give it all to you  
Reaching as I fall  
It's already over now  
Loving you again

It's already over, already over now  
You're what I reach for when I fall  
It's already over  
You're what I reach for when I fall  
It's already over now
