

Red Flag, L.O.V.E.

All of my life, I've traveled uphill
With one exception
The time I'm with you,
its time we both knew
With clear perception

I see it so clear, with nothing to fear,
just having you near
L.O.V.E.

L is for love, O is for only
V is for very, E is for ever
Will there come a day,
when finally we'll say
These are our golden years
With your hand in mine
this passage through time
We'll transcend our fears

With so far to go,
I want you to know,
I love you so
L.O.V.E.

L is for love, O is for only
V is for very, E is for ever
