

Red Hot Chili Peppers, Midnight

Things will never be the same
Still I'm awfully glad I came
Resonating in the shape of things to come
Never waiting when I know there's only one.

Messed it up but rest assured
No one ever thinks they're cured
Just a minute while I reinvent myself
Make it up and then I take it off the shelf

Bridge:
Over the laws of light
Over the moon by midnight
Let's do it all this time
Everyone wishing well we go and

Chorus:
Everyone knows Anything goes and now
We are the Lotus kids
Oh better take note of this
For the story

The rising moon is on the shine
The blood of scorpios and nine
Like the fear that's in eyes of every doe
Say it now cause John and Jane would like to know

Is it safe inside your head
Songs to serenade the dead
All along I said I know no enemies
Mix it up until there are no pedigrees

Bridge

Chorus

Over the laws of light
Over the moon by midnight
Lets do it all this time
Into the shadow show and

Enter the rolling tide
Over the ocean so wide
Let's do it all this time
Everyone wishing well we go

Chorus X3
