

Red Hot Chili Peppers, Special Secret Song Inside

Well, my landlady, she lives 3 houses away.
She claims that she can hear my baby screaming to me "fuck me"
Every day, when I'm in the hay

I want to party on your pussy, baby
I want to party on, party on your pussy
I want to party on your pussy, baby
I want to party on your pussy, yeah, yeah, yeah

Struck by lust in a telephone booth
Busted by a cop; he said "That's uncool"
He said that she can hear my baby screaming to me "fuck me"
Every day, when I'm in the hay

I want to party on your pussy, baby
I want to party on, party on your pussy
I want to party on your pussy, baby
I want to party on your pussy, yeah, yeah, yeah

I want to party on your pussy, baby

I want to party on your pussy
I want to party on your pussy, baby
I want to party on your pussy

I want to party on your pussy, baby
I want to party on your pussy
I want to party on your little pussy, girl
I want to party on your pussy

Let me shine your diamond
the girl got a scratch
slap that cat
have mercy

I want to party on your pussy, baby
I want to party on, party on your pussy
I want to party on your pussy, baby
I want to party on your pussy, yeah, yeah, yeah
