

Red Hot Chili Peppers, Special Secret Song Inside

Well my lady lady, she lives
three houses away
she claims that she can hear my baby screaming
to me "Fuck me Anthony,
well Anthony"

I want to party on your pussy, baby
I want to party on, party on your pussy
I want to party on your pussy, baby
I want to party on your pussy, yeah, yeah, yeah

Struck by lust in a telephone booth
busted by a cop, he said "that's uncool"
he said that he can hear my baby screaming
to me "Fuck me Anthony,
well Anthony"

I want to party on your pussy, baby
I want to party on, party on your pussy
I want to party on your pussy, baby
I want to party on your pussy, yeah, yeah, yeah

I want to party on your pussy, baby
I want to party on your pussy
I want to party on your pussy, baby
I want to party on your pussy

I want to party on your pussy, baby
I want to party on your pussy
I want to party on your little pussy, girl
I want to party on your pussy

Let me shine your diamond
the girl got a scratch
slap that cat
have mercy

I want to party on your pussy, baby
I want to party on, party on your pussy
I want to party on your pussy, baby
I want to party on your pussy, yeah, yeah, yeah
