

# Red Hot Chili Peppers, Special Secret Song Inside

Well my lady lady, she lives  
three houses away  
she claims that she can hear my baby screaming  
to me "Fuck me Anthony,  
well Anthony"

I want to party on your pussy, baby  
I want to party on, party on your pussy  
I want to party on your pussy, baby  
I want to party on your pussy, yeah, yeah, yeah

Struck by lust in a telephone booth  
busted by a cop, he said "that's uncool"  
he said that he can hear my baby screaming  
to me "Fuck me Anthony,  
well Anthony"

I want to party on your pussy, baby  
I want to party on, party on your pussy  
I want to party on your pussy, baby  
I want to party on your pussy, yeah, yeah, yeah

I want to party on your pussy, baby  
I want to party on your pussy  
I want to party on your pussy, baby  
I want to party on your pussy

I want to party on your pussy, baby  
I want to party on your pussy  
I want to party on your little pussy, girl  
I want to party on your pussy

Let me shine your diamond  
the girl got a scratch  
slap that cat  
have mercy

I want to party on your pussy, baby  
I want to party on, party on your pussy  
I want to party on your pussy, baby  
I want to party on your pussy, yeah, yeah, yeah
