

Red Hot Chili Peppers, The Brothers Cup

Give it up to this planet full of strife
We're the brothers cup cuttin' sharp as a knife
With the pop of a snap and the flip of a flap
The cups went up like a natural fact

It was our shoulder space
That made the perfect place
For the magic of the cup
To style out with grace
With a tight turn twist
And a slight swerve swank
The brothers cup kissed
With a kick ass clank

We are the brothers cup
We like to get it up
We are the brothers cup
We like to get it up

Give it up to this planet full of strife
We're the brothers cup cuttin' sharp as a knife
With the pop of a snap and the flip of a flap
The cups went up like a natural fact

So love all your brothers
And love all your sisters
Love all the misses
And love all the misters
Don't be shy when you're sharin' your kisses
The brothers cup kiss
And we ain't sissies

It is our notion that the perfect peace potion
Can be found in the wake of the green sea's motion
The long rocking swell of the mighty blue ocean
Is the cradle of peace it's the perfect peace motion

Give it up to this planet full of strife
We're the brothers cup cuttin' sharp as a knife

With the power of the cup we are about to astound
All your preconceptions they will come unbound
We are the brothers cup coming to your town
Bringing tubs of love we're going to spread it around
