

# Red Hot Chili Peppers, Warped

My tendency  
For dependency  
Is offending me  
It's upending me  
I'm pretending see  
To be strong and free  
From my dependency  
It's warping me

So much love  
So rare to dare  
Afraid of  
Ever being there  
Take me home  
I need repair  
Take me please  
To anywhere

Descended from  
Demented men  
Struggle with  
The art of Gen  
Please don't look  
Too close at me  
You might not like  
What you see

Night craving  
Sends me crawling  
Beg for mercy oh  
A vacancy  
That's full of holes  
Hold me please  
I'm feeling cold

CHORUS :  
Descend all the way all the way  
Everyday  
Warped and scared  
Of being there
