

Red House Painters, Love At First Feel

(Young - Young - Scott)

I didn't know where you came from
And I didn't know your name
And if you were legal tender
Well I spent you just the same
I didn't know it could happen to me
Love in the third degree

It was love at first feel

They told me it was disgustin'
They told me it was a sin
Every night at your front door
I'd smile when you let me in
Now it's you and me baby
In your house all alone
Better make things happen
Before your mum and dad get home

It was love at first feel
