

Red Lorry Yellow Lorry, Do You Understand?

People do you understand,
Are you running round
Are you on your own
Now people, do you understand
Could you kiss the ground
Are you all alone
Always, always
Someone got a helping hand in this frozen land
Can you push the stone
Someone got a lot to say, put it all away
'til we're on our own
Always, always
Do you understand, do you understand
Do you understand, what 's going on today!
