

Redd Kross, Star Lust

He's drunk in a 5-star hotel
Passed out in his room
You believe that when he's singing
He's singing just for you

Pity is so sexy when it fills the empty space
Sad and lonely
The homely are responding to his face

When you look in the mirror
The image is clearer than kind
You're a prisoner, a prisoner of your mind

Nobody knows you
You feel so alone
He doesn't know you
Stay right at home
Nobody knows you

Leave him alone
Star Lust
Leave him alone
Star Lust
Leave him alone

Put on a lovely face
You have, a plan something to do
You've become a danger to yourself and others too

When you look in the mirror
The image is clearer than kind
You're a prisoner, a prisoner of your mind

Nobody knows you
You feel so alone
He doesn't know you
Stay right at home
Nobody knows you

Leave him alone
Star Lust
Leave him alone
Star Lust
Leave him alone

A prisoner, a prisoner of your mind
Leave him alone
Alone
Alone
Leave him alone
