

Redd Kross, Switchblade Sister

Lonely friend is a Flying-V
She says she does her ax, baby, more than me

The times are changing
I know its true
Oh, whatever happened to me and you

Switchblade Sister
Alright now
Switchblade Sister

You said you loved me (you said you loved me)
You said you loved me (you said you loved me)

Switchblade Sister
Alright now
Switchblade Sister

Mood is swinging like a new phaseshifter
Come on now let's hear it for the sister

The times are changing
I know its true
C'mon girl, whatever happened to me and you

Switchblade Sister
Alright now
Switchblade Sister

You said you loved me (you said you loved me)
You said you loved me (you said you loved me)

Switchblade Sister
Alright now
Switchblade Sister

Switchblade Sister
Oh, Switchblade Sister
You said you loved me

Oh, Switchblade Sister
Goodbye now
Switchblade Sister
So long

Goodbye, Goodbye
So long, So long
Bye Bye, Bye Bye
So long, So long
Goodbye, So long, Goodbye
