

# Redd Kross, What Went So Wrong

I just want everything  
To be alright o.k.  
But now I find  
I&#039;ve lost the words  
I have nothing to say  
Aaahh... Aaahh

You used to comfort me  
What went so wrong  
What went so wrong  
Now you&#039;re hating me  
What went so wrong  
What went so wrong

I just want to be  
The L.A. shining star and how  
Still I must remind myself  
That I&#039;m a big boy now  
Aaahh... Aaahh

Broken down and so elated  
Feeling good and so frustrated  
Tell me why you tell me  
Love is never in vain  
Aaahh... Aaahh

You used to comfort me (you used to comfort me)  
What went so wrong  
What went so wrong  
Now you&#039;re hating me (now you&#039;re hating me)  
What went so wrong  
What went so wrong  
You used to comfort me (you used to comfort me)  
What went so wrong  
What went so wrong  
Now you&#039;re hating me (now you&#039;re hating me)  
What went so wrong  
What went so wrong  
So wrong
