

Redd Kross, What Went So Wrong

I just want everything
To be alright o.k.
But now I find
I've lost the words
I have nothing to say
Aaahh... Aaahh

You used to comfort me
What went so wrong
What went so wrong
Now you're hating me
What went so wrong
What went so wrong

I just want to be
The L.A. shining star and how
Still I must remind myself
That I'm a big boy now
Aaahh... Aaahh

Broken down and so elated
Feeling good and so frustrated
Tell me why you tell me
Love is never in vain
Aaahh... Aaahh

You used to comfort me (you used to comfort me)
What went so wrong
What went so wrong
Now you're hating me (now you're hating me)
What went so wrong
What went so wrong
You used to comfort me (you used to comfort me)
What went so wrong
What went so wrong
Now you're hating me (now you're hating me)
What went so wrong
What went so wrong
So wrong
