

Redd Kross, Whatcha Doin' To That Girl

The time is right
You've got to make your break
Get out and get away from him
Playing moog in his rock and roll band
Isn't worth the pain
He puts you in

Do you curse the day
(Do you curse the day)
It is easier to stay (easier)
Do you like to play
Oh - oh - oh - oh
Oh - oh no - no
What cha doin' to her
What cha doin' to that girl

People see you as the fool
Is it true you're just his clown
Throw you a bone
On a balsa wood throne
And laugh when it topples down

Do you curse the day
(Do you curse the day)
It is easier to stay (easier)
Do you like to play
Oh - oh - oh - oh
Oh - oh no - no
What cha doin' to her
What cha doin' to that girl
What cha doin' to her
What cha doin' to that girl

In one finger more talented
That what still lingers in him
(In one finger) more talented
That what still lingers in him
Get down

Do you curse the day
(Do you curse the day)
It is easier to stay (easier)
Do you like to play
Oh - oh - oh - oh
Oh - oh no - no
What cha doin' to her (Doin' to that girl)
What cha doin' to her (Doin' to that girl)
What cha doin' to her (Doin' to that girl)
That girl
Girl
Girl
That girl
