

Redfoo, Where the Sun Goes (feat. Stevie Wonder)

Lady I've been watching you
Uh, baby, I know you've been watching me too
You're the type of girl intimate, that loves to dance
Tomorrow we'll be sing
If you're the type of girl takin' hand and loves the sand
Then baby, I'm the man!

Let me take you where the sun goes,
I can make your fantasies come to life,
Wherever the sun goes (sun goes),
Baby we can leave our shadows behind
(Let's do it again someday)

Baby, like the animals in the wild
We could play all day and all night underneath the stars
I'm the type of girl intimate and loves to dance,
Tomorrow we'll be sing
I'm the type of girl takin' hand and loves the sand
So, baby take me by the hand

Let me take you where the sun goes,
I can make your fantasies come to life,
Wherever the sun goes (sun goes),
Baby, we can leave our shadows behind
(Let's do it again someday)

Leave our shadows behind
Leave our shadows behind

Ye, ye, let's go now
Baby, baby
Guess who's rolling in that RG
I don't flee, got next seat if you wanna roll with me and be free
Wait, let the games begin
Turn up volume on ten,
What a feeling, no ceiling
Hands up, hair blowing in the wind,
Two villains on the run,
Two kids following the sun,
Footprints in the sand, skipping rocks
Hold hands, lead me in this wide wash
It's getting late, but ain't done yet
Till the coast guard take out postcard by the sunset,
Me and you sipping Malibu with a view!

Let me take you where the sun goes,
I can make your fantasies come to life,
Wherever the sun goes (sun goes),
Baby, we can leave our shadows behind

Leave our shadows behind
Leave our shadows behind
