

# Redlightmusic, Face The Day

It's easier to flee  
It's easier to turn your head and look away  
It's easier to sleep  
It's easier to hide yourself and lay in wait

Get up, face the day  
Get up, be on your way

It's further now you see  
It's further now, you feel you can't go on this way  
It's further now you see  
It's further now the end seems so far out of reach

Get up, face the day  
Get up, be on your way  
Get up, face the day  
Get up, be on your way

Open up your eyes and breathe  
In the trees your mind sits tight  
Open up the colors inside  
Open up your eyes and breathe  
To the sky you'll soon take flight  
Open up the colors inside

It seems to take a thousand years  
It seems to be an endless road of up's and downs  
It seems to take forever and a day  
It seems we'll get there if we push that line roll with the tide

Get up, face the day  
Get up, be on your way  
Get up, face the day  
Get up, be on your way

Open up your eyes and breathe  
In the trees your mind sits tight  
Open up the colors inside  
Open up your eyes and breathe  
To the sky you'll soon take flight  
Open up the colors inside
