(Verse 1: Method Man)

Oh no, another flow lyrical forty fo'
If it gets deep, jump in feet first then hold yo' nose
I'm a beast when you step on my toe you hear my whistle
Checkin 'em hoe, you see my pistol lettin it go
I couldn't wait to do a song right, hardly 'gon do ya wrong
Time to party, Meth, Stephen Marley and Jr. Gong
So selecta, come with it, awww shit it
Now y'all done did it, supper ready y'all come get it
Now who 'gon stop me block me pop lock me knock me
Jamaica posse most high Haile Selassie
Allah willin, another sound boy killin
I'm hot bitch I don't catch cold or catch feelings
The truth be the ghetto youth
And Def Jam y'all know the Meth Man take care of his fam
That's what y'all better do
Examine our skin we plannin to win
Worldwide tell the people we be jammin again

(Verse 2: Redman)

Make way for Reggie Hammond
I, dig 'em out then tie 'em up for randsome
I, shoot at your feet make you start dancin
I'm pissin on your picnics where ya campin
Doctor got the ziplock from Ziggy
When the zig zag roll I'll rip your zip code
Got bitches fucked up off the hypno
I tip toe, then wait till they bend over
(There I go) Aiiyyo money
I got a mo ped in Jamaica sittin on twenties
(Blaow!) Look out, guns in the air
(Blaow!) Selecta guns in the air
No Belvedere it's Tiger Bone to get it crackin
Aiiyyo dread right or wrong
I'm a sinner, winner of the underground swimmers
Eat dinner, in front of Bob Marley pin up

(Chorus: Redman)

I don't care about your blinb bling bling
Over here we let them things ring
BLAOW!!! Give it to me BLAOW!!! give it to me
BLAOW!!! Shoot it up BLAOW!!! give it up
I don't care about your blinb bling bling
Over here we let them things ring
BLAOW!!! Give it to me BLAOW!!! One time
BLAOW!!! give it to me BLAOW!!! give it up
