

Rednex, Where You Gonna Go

Willie Billie, Willie Billie Where you gonna go
Say Willie Billie, Willie Billie Where you gonna go
Willie Billie, Willie Billie Where you gonna go
When your bill is not playing playing

Willie was a musical guy playing a nose that almost touched the sky
He waited to go on an audition to play for Rednex
But did he play well - no no no
Did he rock the bill - no no no

Willie Billie...

Where you gonna go
Where you gonna go Oh Willie
Where you gonna go
To play your giant nose

When he was about to perform madly
He caught a cold before badly
And sprayed us like a waterfall sadly
And said now I will - go go go
Me and my bill - go go go

Willie Billie...

Where you gonna go...
