

Redwood (Switzerland), Bottle

I got drunk on a Monday
Felt like hell on Tuesday
I wen to the doctor Wednesday
He gave my something funky
woke up on a Saturday

I know it's never gonna be the same
And I know there's nothing left to say so
Just leave me in my pool, and I'll drown and
I'll drool with this smiling, frowning fool

For 4 days and for 4 nights I sang

Whoa, nthing is wrong with me
Whoa, just singing my song to me
Whoa, sing it along with me
But don't taje my bottle
Excuse me, Sir, my bottle...

I swear I can't remember him
Hell I don't even know where the bathroom
here is
But I don't care cuz I got a new best friend and
if I run out i can always refill again

I know it's never gonna be the same
And I know there's nothing left to say so
Just leave me in my pool, and I'll drown and
I'll drool with this smiling, frowning fool

For 4 days and for 4 nights I sang

Whoa, nthing is wrong with me
Whoa, just singing my song to me
Whoa, sing it along with me
But don't taje my bottle
Excuse me, Sir, my bottle...

For 4 days and for 4 nights I...
I'm never gonna waste my time on you
like this again

Whoa, nothing is wrong with me
Whoa, just singing my song to me
Whoa, sing it along with me
But don't take my bottle
NO NO NOOOOO...
Nothing is wrong with me,
Whoa, just singing my song to me
Whoa, sing it along with me
But don't take my bottle
Away...
