

# REDZED, ACID PHONK

Drop the bass, drop the bass, everybody fuckin' turn up  
Drop the bass, drop the bass, everybody fuckin' turn up  
Drop the bass, drop the bass, everybody fuckin' turn up  
Drop the bass, drop the bass, everybody fuckin' turn up

You know the basics, you gotta drop some acid  
You gotta pop some motherfucking X and get your face split  
I'm gonna get you wasted, I'm gonna make you based and  
I gotta make you take the heaviest drug you ever tasted

Drop-Drop the bass, drop the bass, everybody fuckin' turn up  
Drop the bass, drop the bass, everybody fuckin' turn up  
Drop the bass, drop the bass, everybody fuckin' turn up  
Drop the bass, drop the bass, everybody fuckin' turn up  
Drop the-

Everybody sniffing, everybody popping  
Everybody doing hard shit, it ain't stoppin'  
Everybody sniffing, everybody popping  
Everybody doing hard shit, it ain't stoppin'  
It ain't stoppin', bitch

Heavy shit, heavy bass, witches burn at stakes  
I'm that mage, wizard, mage chatting with the snakes  
Pull up out the fucking maze, never stoned or blazed  
Doing only heavy shit, I'm loaded up on stimulants  
Causing chaos everywhere I step my fucking foot  
Take a flamethrower, Once Upon a Time in Hollywood  
Tarantino of the scene, but no fetish for foot  
Motherfuckers think I'm hot, I thought they would  
Driving late, swervin', vodka straight made for serving  
Thinking that I'm dodging waves, road is snake, serpent  
Bitch, I'm rollin' trough the haze, heaven gate's open  
Then I drift it, turn it back 180, 'cause I'm based, coping  
Thinking of these motherfucking limbs I had to sever  
All the blood juice, then I think, "Whatever  
These suckers never even mattered, I did nothing bad, I  
Was just being fucking pissed and moody, oh the bloody weather"  
Bitch, I know that one day I'm gonna fuck with Lisa Ann  
I was contemplating, now I know that I'm the man  
I was hated, devastated, now there is a plan  
'Bout to terrorize your city with my team, my band  
Everybody apeshit, turn up and go apeshit  
Lose your fuckin' mind, this your only occupation  
Everybody apeshit, turn up and go apeshit  
Lose your fuckin' mind, rave until you in the grave, shit

Yeah  
I wanna see y'all going fucking apeshit for me  
Ah, the whole crowd going in circles  
Acting like fucking apes
