

# REDZED, I DON'T NEED YOU, I GOT MOLLY

ŠÍLENĚ SMUTNEY SONK (I DON'T NEED YOU, I GOT MOLLY)

I was thinking about you in my sleep  
I was waiting for a message, didn't even get a bleep  
Now I'm smoking cigarettes and crying on my balcony  
I am thinking about things that are not and that could be

I guess it's over  
It's over  
It's over, or did it ever start?

I don't need you, I got molly  
I don't need you, I got molly  
I don't need you, I got molly  
I don't need you, I got molly

I don't need her, I got drugs, I got ecstasy  
I don't need her, 'cause I got these pills always there for me  
I am looking inside your heart and I'm trying to see  
If there's anything, if there's anything that's left for me  
Remember the nights, I remember all the nights with you  
I remember every single word that I said to you  
Baby, I got high on a molly just to talk to you  
Baby, just to talk to you, baby

I don't need you, I got molly  
I don't need you, I got molly  
I don't need you, I got molly  
I don't need you, I got molly
