

REDZED, Interlude

Yah, this is an interlude, motherfucker

I was born in a small-ass village
Goin' from the back, almost no gas spillage
Mama told me, "Red, you should eat more spinach"
Fuck, maybe I should have, 'cause my health's so finished

I'd rather do some dope, then I'd smoke a fuckin' cig
I'm drinkin' twenty shots 'til I'm down and pukin' sick
Fuck, there's an old face, I'll await until they kick
I'm fucked up in the face, man, I'm fucked up from my dick
It's a fact, I'm a useless junkie
Socially anxious, motherfuckin' donkey
Got no respect for the law when I drink
Got break up on my hat and I'm still fuckin' dank, pa

I was born in a small-ass village
Goin' from the back, almost no gas spillage
Mama told me, "Red, you should eat more spinach"
Fuck, maybe I should have, 'cause my health's so finished
