

REDZED, Nightmare

Motherfucker, I'm so dank, ride Camaro, fuck Mustang
All the punks are gonna die, when I spit it, I'm on fire
It's that yellow stone I sniff, that's a wand I'm bout to whip
Got that beat, I make it flip, then your wife's up on my dick
Let me hit you with that 808, right up in your hollow brain
Member of the mass 'bout to fuck you up, turn Gollum mane
You were Smeagol, and the bass got your fucking hair erased
Sucker, don't be mad, why you staring at me with the gaze?

Had them aches up in my legs, I couldn't walk, I had to piss
It was right up in the bottle, I was doping nonetheless
Got that pain up in my spleen, had to be choking on 'em pills
It was me and only me and not the smoking that just kills
I cannot take another wrists that cut, had an enemy, then I dissed that cunt
I don't know myself when I ash that blunt, fuckers in the ditch when I'm on that hunt
This ain't helping me, I cannot take it, why they all say I won't make it?
Give me a rule, I'ma break it, I'll get your wife butt naked

Oh my fuck, to je hrozný stav
Vidieť tých debilov naokolo
Som nočná mora tupých normies
Idem darkside a trochu morbid
Oni nemôžu to pochopiť
Vidia iba temnú auru
Kokoti hladajú konflikt
Do huby dostanú môj dick
K niekomu kto dement je
Sa nebudem chovať decentne
Zobral by som na vás beretu
Ale za to mi nestojí väzenie
Tak pičo priznaj to verejne
Nechávaš sa jebať ve sklepe
Od tyča ktorý je kretén že?
Ale dostane ťa do backstage

Nevidím dôvod prečo patriť medzi vás
Váš svet ma nebaví, prosím nechaj ma ísť
Neotravuj, na tupé kurvy nemám čas
Prosím nechaj ma tak, mizím do sveta zla
Nevidím dôvod prečo patriť medzi vás
Váš svet ma nebaví, prosím nechaj ma ísť
Nechceš vedieť čo robím keď ty chodíš spať
Neidem sa spovedať, môžem to ojebať
