

# REDZED, SMUTNEY SONK

Taking all these things deep inside  
Wait 'til they go away  
They say all you need is just time  
So I just wait and pray

I dream my life  
So I don't go insane, just to feel okay  
I dream my life  
So I don't go insane, just to feel okay

Taking all these things deep inside  
Wait 'til they go away  
They say all you need is just time  
So I just wait and pray

I dream my life  
So I don't go insane, just to feel okay  
I dream my life  
So I don't go insane, just to feel okay
