Reef, Naked

Sing with me. That's is where I'm at. Hoot with me. I'd get into that. If you know where I'm at,
I would get a kick from that.
Muddy face, bloody hand. Naked we dance on our clothes. So will you come with me? I'll take you away Spin with me, That's is what I feel Open your arms. Release from within. If you know where I'm at. I would get a kick from that. Come the dark, Light a fire. In the rain we raise our heads So will you come with me? I'll blow you away
