

# Reef, Superhero

Melody I think you've met your maker  
Play another let me be the one  
You were only looking for a failure  
Now your evil plan has come undone  
Superhero I'm dancing and I feel like you  
Superhero I'm dancing and I feel like you  
I am surging jumping on the dancefloor  
Me and my mine we're launching through the air  
We have all been given superpowers  
That show up whenever you are near  
Superhero I'm dancing and I feel like you  
Superhero I'm dancing and I feel like you  
Sing me a song I'll fly away  
Sing me a song I'll fly away  
Sing me a song I'll fly away  
Superhero I'm dancing and I feel like you  
Superhero I'm dancing and I feel like you  
Superhero I'm dancing and I feel like you  
Superhero I'm dancing and I feel like you
