

Reef, Superhero

Melody I think you've met your maker
Play another let me be the one
You were only looking for a failure
Now your evil plan has come undone
Superhero I'm dancing and I feel like you
Superhero I'm dancing and I feel like you
I am surging jumping on the dancefloor
Me and my mine we're launching through the air
We have all been given superpowers
That show up whenever you are near
Superhero I'm dancing and I feel like you
Superhero I'm dancing and I feel like you
Sing me a song I'll fly away
Sing me a song I'll fly away
Sing me a song I'll fly away
Superhero I'm dancing and I feel like you
Superhero I'm dancing and I feel like you
Superhero I'm dancing and I feel like you
Superhero I'm dancing and I feel like you
