

Reef, Weird

In my arms and my legs and my hips and my shoulders

And my neck to my feet in my brain lets

Must I shout to be heard

Heard by you and your kind

In your offices all around listen up for a

It's a weird feeling friend

I can't understand it at all

Speak of me when I'm dead with your hand on my face

All those memories that besot you where's a life looser?

It's a weird fucking feeling friend

And I don't wish it upon no one

In the morning when we wake

We go down to the place

When we get there we kick a ball

We kick a ball in the car

Said it'd make me feel alright,

Said it'd make me feel alright. Feel alright.

Put a little smile on my face
