

Reel Big Fish, Ban The Tube Top

You're 17, evil and mean, comfy and cozy nowhere scene
You can't deny the loser inside all of your bad taste won't subside

You're outta sight keep me up at night you dress funny strapless and skin tight
You're outta sight you keep me up at night you make me crazy you wear it out of spite
Ban the tube top tonight
You're magical mystery girl tick tock you don't stop rockin' my world
You give high fives to all the guys you let me know that I'm alive

You're outta sight keep me up at night you dress funny strapless and skin tight
You're outta sight you keep me up at night you make me crazy you wear it out of spite
Ban the tube top tonight
There's a party that we're not invited to but I don't care because I hate everyone in school
I ignore all the girls but you
Beautiful girl, ugly shirt you are a fashion red alert
But I can't resist, you've never been kissed and I've never been in love like this

You're outta sight keep me up at night you dress funny strapless and skin tight
You're outta sight you keep me up at night you make me crazy you wear it out of spite
Ban the tube top tonight
