

# Reel Big Fish, Drinkin'

she told me  
that I was lame  
with her middle finger in my face  
wont waste her time with such a loser  
so now I wallow in regret  
wanna do something right but I haven't yet  
why do my endeavors end up in failure  
I think I'll go out drinkin'  
drinkin' all night long  
cuz if I go out drinkin'  
then I can stop thinkin'  
bout how the world done me wrong  
I guess I shouldn't feel so bad  
ain't got much reason to feel so sad  
'cept that I'm poor untalented and ugly  
I know its like they always say  
good times and bad will come our way  
but theres only one thing that'll make this easier  
I think I'll go out drinkin'  
drinkin' all night long  
cuz if I go out drinkin'  
then I can stop thinkin'  
bout how the world done me wrong  
so wrong  
I sing this song and nobody sings along  
I've got a friend  
he's in my hand  
he understands  
he said to me everything wont be so bad!  
I think I'll go out drinkin'  
drinkin' all night long  
cuz if I go out drinkin'  
then I can stop thinkin'  
bout how the world done me wrong  
I think I'll go out drinkin' (think I'll go out drinkin')  
drinkin' all night long (drinkin' all night long)  
cuz if I go out drinkin'  
then I can stop thinkin'  
about how the worlds done me  
how the worlds done me wrong (so wrong)
