

# Refused, Life Support Addiction

Somewhere along the line we lost  
Individuality paid the cost  
Close enough to inhale the security  
It's always  
Too far away

Breed upon  
Culture sickness  
Made this rule  
Into our own

Silently sedated  
Minds fly out the window  
Our emotions suffocate  
Suppress the essence of...

Beautiful independent friday night dress  
Wash away the fear & insecurity  
Substitute kills the freedom  
Cut the wounds  
Wide open

A glimpse caught the sense  
Now you're content's slowly fading  
Familiar escape  
Alternative to nothing  
Familiar escape  
Alternative to nothing

Silently sedated  
Minds fly out the window  
Our emotions suffocate  
Suppress the essence of - living

Reminded to die  
Life support addiction  
Watch your love  
Slip through your hands

Silently sedated  
Minds fly out the window  
Our emotions suffocate  
Suppress the essence of...
