

Reggie And The Full Effect, Getting By With It's

I see your sister staring at me out of the window
She wants to talk to me to learn the things that she don't know
And it's all just part of education
And we'll tell the kids across the nation

And it's you that does this to me
(We'll get by 2x)
And it's you that sees right through me
(We'll get by 2x)
And it's you that's never done
(We'll get by 2x)
And it's you that does this to me
We'll get by 2x)
And it's you that sees right through me
(We'll get by 2x)
And it's you that's never done
(We're getting by with it 2x)

Get in the backseat, backbeat, baby
You're too slow
Why'd you keep running girl 'cause that was two records ago?
And it's always for the satisfaction
And we do it just to get a reaction

And it's you that does this to me
(We'll get by 2x)
And it's you that sees right through me
(We'll get by 2x)
And it's you that's never done
(We'll get by 2x)
And it's you that does this to me
We'll get by 2x)
And it's you that sees right through me
(We'll get by 2x)
And it's you that's never done
(We're getting by with it 2x)

We'll get by with it
We'll get by with it

Don't every worry about me
Cause i'll make a monkey of me
And you'll be just fine

And it's you that does this to me
(We'll get by 2x)
And it's you that sees right through me
(We'll get by 2x)
And it's you that's never done
(We'll get by with it 2x)
And it's you that does this to me
We'll get by 2x)
And it's you that sees right through me
(We'll get by 2x)
And it's you that's never done
(We're getting by with it 2x)
