Got your call the other day
Bout how you
Were missing me

Heard your call the other day
Said how you
Were missing me

Some day you'll wake up and i" be there
Just for a moment you'd see
Saw you there acroos the room
You were staring straight back at me
Give you anything you want
All that you want is me

Only if we get to stay

Goodnight to you
Goodnight to you
To you
Goodnight to you
To you

Know that i'll always come back for you
Know in your heart that it's true
