

# Regi feat. Scala, I Fail

Ooh - I  
I don't know,  
I don't want to believe,  
that I lost,  
insecure,  
lose and I'm sure.  
Why oh why,  
did I lose,  
all the time,  
I won't let down,  
I won't give in,  
The answers,  
all I will win.  
I fail,  
I fail to believe,  
there's no more light that shines (x2)  
light that shines on me,  
I fail,  
I fail to foresee,  
There's no more light that shines,  
light that shines on me.  
Why why not,  
I will feats when you're her,  
and truth dies,  
in the cold,  
hurt and descoast.  
I fail,  
I fail to believe,  
there's no more light that shines  
light that shines on me,  
I fail,  
I fail to foresee,  
There's no more light that shines,  
light that shines on me.
