

Regi, Lonely

I feel lonely
When I look into your eyes
I feel lonely
Your smile's the sweet disguise
Baby just hold me
My heart's on overdrive
Because you told me
After all these lies
I'm not the only
I'm not the only
I feel lonely
When I look into your eyes
I feel lonely
Your smile's the sweet disguise
Baby just hold me
My heart's on overdrive
Because you told me
After all these lies
I'm not the only
I'm not the only
I feel lonely
