

Regine Velasquez, Shine

There I was alone in the shadow
Couldn't find my way
Then you came in
And brought along the sunshine
Now you're here to stay

(Chorus) You make me shine, shine
Like the stars in the heavens
Shine, shine
You keep me shining through
Shine, shine
With the light that you give in, it's true
I'm shining on, all because of you

So watch me go
A light shines within me
People ask me why
And I just smile && tell them you're the reason
I've cast the darkness aside

(Repeat Chorus)

(Coda) Like a ray of light
Coming through the night
bright as the stars in the sky
See how I shine

(Repeat Chorus 2x until fade)
