I got baptized when I was nine  
went to jail, got saved 'bout three more times  
sorry to say, I done done it again  
and Johnny Law, he never been my friend  
no wonder, wrong word done did me in  
got tips that I was comin' round the bend  
flipped and whipped 'round 'bout a block from the house  
mama's in the yard shoutin', &quot;what's it all about?&quot;  
Law dawg done run me outta town  
got a hot case of Mickey's and the hammer down  
if he get me, then he got me, didn't even kiss my mama

I told my mom 'sorry, I love you', threw the cell in the ditch  
spun the GTO 'round and sped up outta that bitch  
on my way to Alabama, left the coke at the crib  
with my wife flyin' into Montgomery with the kids  
took another swig, did another line  
nobody gonna stop me from crossin' that state line  
either I make it or I'm dyin', geeked up and cryin'  
122(mph) on 85 South flyin'  
Law dawg done run me outta town  
got a hot case of Mickey's and the hammer down  
if he get me, then he got me, didn't even kiss my mama  
left that white girl in the house

Yeah, gettin' near on the train tracks  
ridin' into the Sun  
'bout end of, of the county line  
I got nowhere else to run  
I got nothing to lose  
one more thing to prove  
polish off the rest of the white whore  
Why?  
Aw shit! Road block!  
Law dawg done run me outta town  
got a hot case of Mickey's and the hammer down
