

Reichel Kealii, My Love Is A Natural Thing

Like a river
I'm winding my way back to your love
And there I'll stay
Like a river that flows to the sea.
Like a mountain
I'll stand by your side protecting your dreams
From life's crashing tides
Like a mountain - that's what I'll be.
Chorus:
My love for you is a natural thing
Like a kiss of sunshine on a butterfly wing
A snowflake shining like a distant star
A familiar chord on my guitar
My love is a natural thing.
Like a summer breeze
I'll run through your hair
So that when you're asleep
You'll know I'm there
Like a soft breeze - that's what I'll be
