

# Relient K, In Like A Lion (Always Winter)

It's always nice to look out the window  
And see those very first few flakes of snow  
And later on we can go outside  
And create the impression of an angel that just fell from the sky

When February rolls around I'll roll my eyes  
Turn a cold shoulder to these even colder skies  
And by the fire my heart it heaves a sigh  
For the green grass waiting on the other side

It's always winter but never Christmas  
It seems this curse just can't be lifted  
Yet in the midst of all this ice and snow  
Our hearts stay warm cause they are filled with hope

It'd be so nice to look out the window  
And see the leaves on the trees begin to show  
The birds would congregate and sing  
A song of birth a song of newer things

The wind would calm and the sun would shine  
I'd go outside and I'd squint my eyes  
But for now I will simply just withdraw  
Sit here and wish for this world to thaw

And everything it changed overnight  
This dying world you brought it back to life  
And deep inside I felt things  
Shifting everything was melting  
Away oh away  
And you gave us the most beautiful of days

Cause when it's always winter but never Christmas  
Sometimes it feels like you're not with us  
But deep inside our hearts we know  
That you are here and we will not lose hope
