

Remady & Manu-L, In My Dreams

In the world full of pain
Was nothing but rain
I can barely breath of down
The final way out
I see a life
That just make me feel alive
I?m holdin? on
Until my fear has slowly gone

In my dreams
I?m never far from home
That?s for sure
And I know
I?ll never be alone
In my dreams

I was tryin? for so long
To change my feels wrong
I can?t stand the sound of noise
But don?t have no choice
Don?t look we hide
And chase the rainbows in my mind
Stop running away
Keep up the faith strong

In my dreams
I?m never far from home
That?s for sure
And I know
I?ll never be alone
In my dreams
