

Remedy, Falling

(Anderson/Cichon/Beamish)

I was never the one to go
Looking for love
Threw it to the wind
Trusting heaven above
Heartache and pain
I didn't need it again
But as time goes by
I find that I'm

CHORUS

Falling
Falling into your love
Now I'm calling
Cause it's never enough
When I make love with you
I find that it's true
I'm past the point of no return

I lived by the rule
That I'm safer alone

Cause love hurts so bad
When it's time to let go
Heartache and pain
I didn't need it again
But as time goes by
I find that I am

CHORUS repeat

Now as time goes by
I find that I'm

CHORUS repeat

Falling
Can't you hear me calling
Now that I'm falling
Do you hear me calling
Do you see me I'm falling
Can't you see me I'm falling
