

# Remedy, Manzil Madness

(Anderson/Wells)

Spent too many nights  
Walkin' in the streets of the city  
I lost the sweet taste of youth  
Oh babe that's such a pity

Suburban tourists come to stare  
The weekend warriors cruisin' there  
Come to see what makes 'em scared  
Truth revealed by neon glare

Struck by Manzil Madness  
Down on Springfield Avenue  
Struck by Manzil madness  
There was nothing I could do  
Struck by Manzil Madness  
Down on Springfield Avenue  
Struck by Manzil madness  
There was nothing, whoah nothing, nothing I could do

Spent so much wasted time  
Gettin' myself to bed  
The women I wanted wouldn't look my way  
And I took someone else instead

Suburban tourists come to stare

The weekend warriors cruisin' there  
Come to see what makes 'em scared  
Truth revealed by neon glare

Struck by Manzil Madness  
Down on Springfield Avenue  
Struck by Manzil madness  
There was nothing I could do  
Struck by Manzil Madness  
Down on Springfield Avenue  
Struck by Manzil madness  
There was nothing, whoah nothing, nothing I could do

Struck by Manzil Madness  
Down on Springfield Avenue  
Struck by Manzil madness  
There was nothing I could do  
Struck by Manzil Madness  
Down on Springfield Avenue  
Struck by Manzil madness  
There was nothing, whoah nothing, nothing I could do

Spent too many nights...holdin' up the bar
