

# Renard, Never Fade

I make the days seem endless  
I fill a void with grey  
I cause the rain to fall  
I never fade away

I make the days seem endless  
I fill a void with grey  
I cause the rain to fall  
I never fade away

I make the days seem endless  
I fill a void with grey  
I cause the rain to fall  
I never fade away

I make the days seem endless  
I fill a void with grey  
I cause the rain to fall  
I never fade away
