

Renard, She's An Angel

I'm glad you're by my side
Exchanging patterns of breath in the cold
I'm here to teach you to fly
I'll drop you when you're ready to soar and break the mold

I'm glad you're by my side
Exchanging patterns of breath in the cold
I'm here to teach you to fly
I'll drop you when you're ready to soar and break the mold

Break the mold
Break the mold
Break the mold
Break the mold
Break the mold

I'm glad you're by my side
Exchanging patterns of breath in the cold
I'm here to teach you to fly
I'll drop you when you're ready to soar
