

Renegade Masterz, Nasty Girl

Now hold on your breath and beware of your mind
Just turn out that sound let our music inside
Move yourself and lose your head, let yourself go
Feeling free and let it be. Losing control
I'm gonna make you dance, hey ladies take your chance
Being a nasty girl. Just for a night
I make you lose your head. Making your body sweat
Being a nasty girl. Just for a night
Hey ladies drop your tops, moving around the clock
Being a nasty girl. Just for a night
I'm gonna make you dance, hey ladies take your chance
Being a nasty girl. Just for a night
Now rhythm will take you and move you inside
Now scream out the words let it go for tonight
Move yourself and lose your head, let yourself go
Feeling free and let it be,. Losing control
I'm gonna make you dance, hey ladies take your chance
Being a nasty girl. Just for a night
I make you lose your head. Making your body sweat
Being a nasty girl. Just for a night
Hey ladies drop your tops, moving around the clock
Being a nasty girl. Just for a night
I'm gonna make you dance, hey ladies take your chance
Being a nasty girl. Just for a night
